# AYIM WILLIAM

## SOFTWARE DEVELOPER

## PROFILE

A versatile Full Stack Developer with a flair for turning ideas into exceptional digital solutions with an eye for user experience. Quite experienced in working independently and collaborating with cross-functional teams & clients to deliver top-notch web applications that blend creativity & functionality seamlessly. Capable of delivering on key project milestones. I am seeking to secure an engineering role with an astute firm involved in cutting-edge technology & innovation.

## WORK EXPERIENCE

- iTalanta Managed Internship - Intern - ( 27th Sept - 20th Dec 2023)**
  - UI/UX Design - involved in creating slick web pages based on the design given.
  - Making professional commits while ensuring proper code practices are employed.
- Internet Computer Hackathon ( 16th Oct - 25th Nov 2023)**
  - Develop decentralized applications that harness the power of the ICP via blockchain technology to address challenges in access to digital services, data security, scalability, interoperability and more.
- Moringa School - Software Development Technical Mentor ( 5th Jun - 30th Sept 2024)**
  - Contributed to the update and refinement of the software development curriculum.
  - Provided mentorship and support while facilitating collaboration and peer learning initiatives.
  - Reviewed students' code submissions, focusing on best practices in Python and JavaScript

## ACHIEVEMENTS

- 2nd Position in ICP Hackathon - Moringa

## PROJECTS

- Find-a-Farmer** : This is a platform that bridges the gap between farmers and his customers. Visit site: <https://babamboga.github.io/Find-a-Farmer/>
- Adventour**: This is a platform that informs tourists of local restaurants, hotels and attractions that are within Nairobi. Visit site: <https://project-adventour.vercel.app/>
- TYC TRUST**: A website for a teenagers and youth program that seeks to inform and showcase its ideals, goals and mission. Visit site: <https://tyc-main.vercel.app/>
